"Encountering Christ in Community and Creation"

September 26, 2009

Dear Friend of Camp Encounter

Thank you for your support of Camp Encounter. Your support helps make it possible for us to work toward our mission. For over twenty years Camp Encounter has provided young people with an environment in which to find, develop and explore their relationship with God, for many of them, for the first time.

Since 1980, Camp Encounter has been serving the spiritual needs of countless youth of the Archdiocese of Edmonton. Once again, 2009 saw Camp Encounter successfully reaching around **3000 young people**, teaching them about their value, as children of their loving God and Father. This mission has been successful thanks to the support of our donors, benefactors, and friends, who through their generosity, participate in that mission. These donations assist with programming, maintenance and utilities costs, they help keep our programs affordable for average families, and even subsidize programs for poorer children through our Campership Program.

The support of people like you makes it possible for us to continue and to improve the services we provide. You can help us continue to grow and enrich our programs by giving to our current campaign. Your contribution is an investment in the future of youth in the Archdiocese.

Thank you once again for your continued support of Camp Encounter.

Yours in Christ,

A handwritten signature in black ink, appearing to read "Michael Mireau".

Rev. Michael Mireau
Chair of the Board
